[Communication.]

It's True and Because It's True It's a Pity.

Norway, Me., August 1st.

Dear Sir:—
Being compelled on account of business to spend two or three days in Norway, I want to take this opportunity to express my opinion of the man or men who are responsible for the road through the center of our town. I say "compelled" because I never would want to stay here and drive a car over these streets if I didn't have to. They are a disgrace to any town. Even some of the small camps further north have better streets than your main street.

My only wonder is how your citizens put up with such absolute neglect of duty as is apparent on the part of those responsible for your main street. It must be either stupidity or wilful neglect on somebody's part.

I suppose somebody is holding up this work in order to be able to say at the end of their terms that they only "spent so much money" and ask their fellow citizens to look with pride at their performance of duty to the town. It should be called neglect of duty.

There is nothing that can so hurt a town in the eyes of people traveling through, as to find bad roads and such a traveler always remembers it even if the other advantages would offset it many times over.

You are welcome to publish this letter and I hope it may stir up your citizens to insist that some improvements be made and also that those people responsible for the above conditions may realize that they are doing a direct injury to the town.

Very truly yours,
H. A. STILES.

Elia M. Black.

Elia M. Black died Monday morning at the C. M. G. Hospital, where she underwent a serious surgical operation.

Miss Black who has always made her home with her uncle, Grant Abbot, was born in Norway, January 17, 1882, but has lived in Norway for the past twenty-four years. For three years she has been employed as pastry cook for Capt. Barker at the Birches. She was, for two winters head cook at the Mountain-view House, Rangeley, besides having been head cook in several private cottages.

She attended the Methodist church and has always been an earnest worker for both church and Sunday school. Her helpful spirit and kindness to all made her a great favorite in a wide circle of friends.

Miss Black leaves besides her uncle, a mother, Mrs. Lottie Black, one sister, Mrs. Christie Bradbury and four nieces.

Repairs at the Power Station.

Extensive repairs are in progress at the Norway & South Paris St. R. power plant at Steep Hill. About 10 men have been busy the last month grading the grounds about the buildings and clearing away the brush. The repairs and alterations are about half finished.

Two new water wheels are expected within two weeks and will be installed. One of them is to take the place of the old broken wheel. There will be a new switch board and 100 horse power motor for the car machines, besides a synchronizing machine to enable the two motors to run together.

The Cummings Circus.

A small sized, one ring circus came to town Wednesday morning, at least that is what one would suppose from the sounds and appearance as Stevie Cummings' troupe paraded the streets in good circus style.

The circus parade was made up of eleven Norway boys including Stevie Cummings, Bruce Hosmer, Guy Murdoch, Edward Hadley, Lewis Davis, Roscoe McKay, Henry Cullinan, Oscar Frost, John Leavitt, Ralph Murdoch, Roland Anderson, and the management of Stevie Cummings assisted by his uncle, Fred Cummings.

A large part of the forenoon was given up to preparations for the parade in S. B. Cummings' dooryard, which included gaily costumed youngsters in red, green and yellow gowns, hoop skirts, hobble gowns, tilted hats and big feathers, and little fellows in red attire with horns and painted arrows.

The "little fairy" was represented by Dorothy Cullinan who rode on a hand cart, dressed in white and carrying a sunshine. Go-carts, push-carts and small express wagons with small children and Teddy bears made up the parade.

The music was not forgotten either, for there were tambourines, auto harps and drums, played by the musicians.

In the afternoon a circus performance of short duration was held in the Cummings' barn chamber.

When the Summer Days Depart.

When the summer days are over and the autumn time is come and the fields put on a rusty shade of green. The hills in golden verdure. The hills in golden verdure. Round the marshes in the lowlands. Dried in deepest color rare. Along the leaves of the silver maple tall. All flanked by rich surroundings. Spread like a curtain there. And the forest monarchs one and all. Not because these forest monarchs. Need the autumn's golden hues. To prolong a more existing stay of time. But to beauty in splendor. O'er the landscape all anew. By a brush unseen, held by a hand Divine. Among all the gifts of Nature. There's none dearer to my heart. Than the beauty of the hills in brown and gold. It sings a silent melody. The autumn of the hills. In tones of sweetest joy its love unfolds. And it lingers in the gloaming. When the evening shadows close. Like the golden gleam of sunset warm and bright. In a romantic tone of sweetness. That enchants and soothes the soul. In the autumn when the summer days take flight. W. A. BENNER.

MOTHER-LAND OF MAINE.

"Tonight across my senses steals. O sweeter far to homelike hearts. Than draughts of fragrant wine. Again uplift the sea gull's cry. Where sylvan beauties reign. And dreams of these come back to me. O Mother-land of Maine. "Thy glories gleam before my eyes. In all the olden days. When the labors of the week. Of all thy lovely days. The sea-gull's cry rings in my ear. And memory sets her signal lights. Along the darkness of the night. "Take phantom ships before the wind. They to their haven flee. While I, a wanderer, must drift. Upon a stormy sea. And while the fires of being burn. Within the conscious brain. My eyes shall seek thy far-off coasts. Oh, mother-land of Maine."

Nature's Own Wrapping Keeps Tobacco Best

No artificial package—tin, bag, or tin-foil and paper—can keep tobacco as well as the natural leaf wrapper that holds all the original flavor and moisture in the Sickle plug. When you whittle off a pipeful, you always get fresh tobacco, that burns slowly, and smokes cool and sweet.

Chopped-up, "package" tobacco loses much of its moisture before it goes into the package, and keeps getting drier all the time. And the drier it gets, the faster it burns in your pipe, and the more it bites your tongue. Only fresh tobacco gives real pipe-satisfaction—and only tobacco you cut off the Sickle plug as you use it, can be fresh.

Economical, too—no waste—no package to pay for—more tobacco. Get a Sickle plug from your dealer today.

HOW TO GET STRENGTH

after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness.

Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion for any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.

What YOU Need

Perhaps YOU—like hundreds of others—are all “run down.” Not sick enough to take to bed—nor miss work. But your appetite is poor—your food doesn't digest—your bowels fail to act freely “L. F.” Atwood's Medicine will tone you up so you feel like new.

Big bottle—your dealer's. Sample FREE by mail—from us. “L. F.” Medicine Co., Portland, Me.

MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poisons from the blood and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst back-ache or overcome urinary disorders.

Who Can Doubt Sworn Testimony of Honest Citizens

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. The doctors who treated me made me believe that my great sufferings were due to female trouble. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed several times a night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

MRS. D. E. HILMAN, Tunneton, W. Va.

Personally appeared before me this 11th of September, 1909, Mrs. D. E. Hilman, who subscribed the above statement and made oath that the same is true in substance and in fact.

JOSEPH A. MILLER, Notary Public.

WATERFORD.

Isaac F. Jewett.
ISSAC F. JEWETT HEAD TO COME
Isaac F. Jewett was born in Waterford in 1844 and died Saturday August 1, 1914. He was the son of Eben Jewett and Tabitha Frye, being the eighth in a family of nine children.

He was a union soldier in the civil war, enlisting in the Fifteenth Maine, U. S. A., in 1861 and being mustered out in 1864. He was wounded in the battle of Fredericksburg by a bullet which passed through the thigh and while retiring from the field was struck by a spent ball.

In 1870 he married Nancy Brown Warren who survives him. He was a member of the New church of Oxford Lodge, No. 61, I. O. O. F. of Mt. Trem Lodge, No. 132 T. & A. M. and of Keoka Chapter, O. E. S.

The funeral service was held Monday at his home and was attended by a very large number of people. Rev. G. W. Sias of the Waterford Church officiated. Interment was made in Elm Vale cemetery.

Will Coye of Cambridge is spending a few days at the parental home. Roy Morgan of Greenwood is visiting his brother Frank.

Katherine Baird is at Bar Harbor for a few weeks. Mrs. Coyle's annual sale of water-color sketches and hand-painted china is to be held Thursday, August 13, 1914 in the music room of the Lake House.

The Sunday school will hold a picnic in Chadbourne's Grove Wednesday, August 12th.

HARRISON.

Recital of Alice Neilson.
The recital given in Grange Hall, Wednesday evening, July 27th, by Alice Neilson of the Metropolitan and Boston Opera Companies, was the event of the season. A crowded house listened eagerly, and applauded heartily each selection on the program.

Miss Neilson has a wonderful voice and has a most pleasing and gracious manner.

\$185 was taken and the proceeds were equally divided between the Harrison I. O. O. F. Lodge and Lakeside Grange.

The Harrison people very greatly appreciate what this beautiful singer did for their benefit and they also appreciate what Prof. F. E. Bristol has done and is doing for the town.

A great many celebrated musicians were present at this recital. Among them were noted Prof. F. E. Bristol, Maxine Olive Fremstedt, Susan Hawley Davis, Prof. LaFarge and others. Surely Harrison is very fortunate in having each summer so many gifted people with us.

We understand that Prof. Bristol plans to give a concert sometime this month, in which many of his pupils will participate, and this will also be for a benefit to the town.

There are more than five hundred city people in town at present writing, and more coming on every train and boat.

The sale of aprons, fancy articles, homemade foods, candies, etc., at the Congregational vestry will be Wednesday afternoon and evening, Aug. 12th. There will be a free entertainment in the evening, consisting of readings by the celebrated Miss Carrack, and music by the children belonging to the Sunday school.

Mrs. Frank Austin and son went to Fryeburg, Tuesday, on a motor cycle with a friend, and were extremely late in reaching home on account of a blow out. Frank Seavey and son, Frank, Jr., from Ludlow, Mass., were in town, Wednesday, calling on friends.

Nellie Stone and Laurence Coburn from Malden, Mass., were recent guests of Lilla Stone and father. Mr. and Mrs. Chas. Sands of Washington, D. C., are guests of Mr. and Mrs. Joseph Pitts.

Llewellyn B. Cairns of Portland, with Mr. and Mrs. Seavey and Seavey of Bridgton, were in town, Saturday, calling on the musical people, wishing to organize a chorus here to join the Choral Union at Bridgton. This would be of great help to our musicians and all who are desirous of learning music.

Mrs. Ada Spurr from Spurr's Corner, Otisfield, was a recent guest of Mr. and Mrs. Albert W. Dudley.

Annie F. Emmons from Arlington, R. I., is a guest of Mr. and Mrs. H. M. Vaughan, at their bungalow on Crystal Lake.

Mrs. Carrie Ford and daughter Mildred of Sanford are guests of Bertie Burnham and mother.

Picnic at Cheever's Grove.

The annual picnic for the Sunday schools of Harrison village was held at Cheever's Grove at the foot of Bear Pond in Waterford, on Thursday of last week, and was largely attended, nearly one hundred being present.

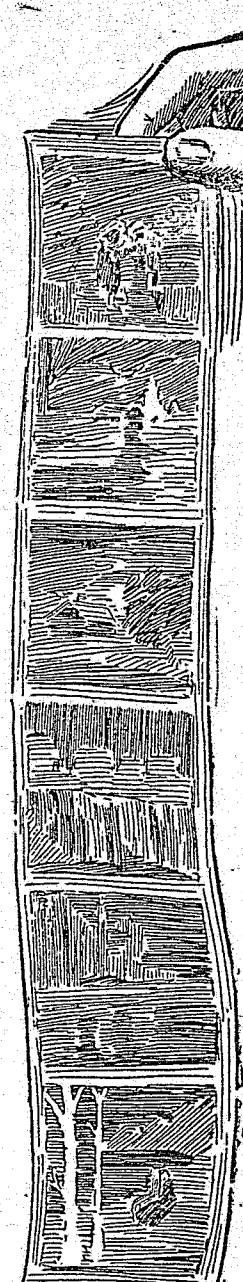

The day was perfect for a picnic, cool and bright, the rain of the previous day having freshened and cooled the air, and also laid the dust. The party left Harrison at 9:30, the children going in hay-racks and the older ones in teams or by automobiles.

Upon arriving at the grounds a fire-place was quickly built, the fire started and soon a huge pot of delicious coffee, such as Mrs. Sawyer knows how to prepare, was steaming, and while the children ran races on the beach, waded, etc., the older ones set out a beautiful dinner of sandwiches, cakes and fruit, together with a large tub of lemonade.

After the dinner, to which all did ample justice, races were played and hymns sung to the accompaniment of the zither, played by Mrs. Brown, a lady who is spending the summer at Camp Eden, and who was a guest for the day. Also mention should be made of readings given by Miss Carriek, an elocutionist who is summing up in Harrison and who kindly consented to help make our picnic a success.

Much of the real success of the day, however, was due to the efforts of Mrs. Guilford, who has recently come to live among us, and who gave not only of her time and money, but who gave her very car to and from the picnic grounds several times during the day, thus enabling many to be present who otherwise would not have been able to attend, and we feel that a large measure of thanks is due not only to Mrs. Guilford, but to each and all who contributed in any way to help make the day a happy one for the children. The party returned to town about five o'clock, tired and sunburned, but happy, and all voted the picnic a success.

Mr. and Mrs. Willis Guilford, accompanied by Helene Pitts and Doris Knight, went to Portland, Saturday. The party went by automobile, returning the same day.

Death of Rev. A. W. Pottle.

50 Years of Service.
Rev. Abel Warren Pottle, for many years a prominent Methodist minister, died at his home in Waterville, Thursday forenoon at 10.30 o'clock, from a complication of disease and old age. Mr. Pottle was born in Salem, September 23d 1834, his parents being Congregationalists and influential workers in that denomination. He was one of 14 children and his early schooling was meagre in the extreme, being about eight weeks out of the 52 during his boyhood.

When he was a young man he pursued his education by teaching country schools and studying nights, in this manner fitting himself for Phillips High school. He afterwards went to Farmington Academy, where he fitted himself for college, but before entering he spent two years at Kent's Hill Seminary, where he was an instructor of mathematics. He then entered, in 1858, the theological school at Concord, N. H., which is now the Theological School of Boston University, from which he graduated three years later.

On May 20, 1861, Mr. Pottle was united in marriage to Martha Williams Eaton of Clinton, who was also a student at Kent's Hill, and she entered with him into his earliest pastoral work.

Of this union there were four children, only one of whom is now living, Mrs. Joseph Warren, of Cumberland Mills. Mr. Pottle's first pastorate was at Bethel, which assignment was made known to him at the conference at South Paris in 1861. He remained in Bethel two years and then was assigned to Oxford, spending two years there, following which he received a most flattering promotion to the church in Westbrook, which was then called Scarappa. His time at this church had been extended to three years and he was then sent to Portland as pastor of the Congress street church in that city. Mr. Pottle has been twice pastor in Saco, Westbrook and in Waterville. Other pastorates were the Wesley in Bath, in Bowdoinham, Boothbay Harbor, South Paris, Lisbon Falls, Buckfield and Rumford Falls.

He served one term as presiding elder in the Augusta district and was twice called to represent his conference in the general conference at Philadelphia, in 1884, and in New York City, in 1889. In the fall of 1893, Mr. Pottle went to California with his daughter, Alice, who was in failing health, and remained there a year, preaching during the time in Southern California. With the exception of this one year, Mr. Pottle has spent his entire 50 years of preaching in the State of Maine.

When Mr. Pottle was 76 years of age he was placed on the supernumerary list of the Maine Methodist Episcopal Conference which was held in the city of Saco. This followed a six years' pastorage in Buckfield and soon after he went to Waterville, where he has since resided. Mr. Pottle's first wife died in Bowdoinham on October 24, 1898, and he later married Theresa C. Whitmore, who survives him. He also leaves a daughter, Mrs. Joseph Warren, and three brothers, George Pottle, ex-mayor of Lewiston, James, of Fresno, Cal., and Charles of St. Paul, Minn.; also five granddaughters. Mr. Pottle was a man of commanding personality, an earnest, sincere worker in his chosen field of labor, a man who thought more of the souls he could save than he did of the salary he could get. He was always modest in his demands for recognition.

HUDSON Six-40 for 1915

New Price **\$1,550** F. O. B. Detroit

The 1915 Gem

The HUDSON Six-40 for 1915 offers 32 surprises. Last year it seemed that no car could be better. And it seemed that quality cars could never sell lower. But the HUDSON engineers—headed by Howard E. Coffin—have brought out 31 new features. And a trebled output—due to overwhelming demand—will reduce the price \$200. This light Six is lighter than ever. It is handsomer—better-equipped. Just think—48 engineers, for one whole year, have worked exclusively on refinements. Yet the price—which was never approached in a quality car—has been lowered by \$200. You will find in this new model the jewel car of the year—the final ideal in a Six. You will find many attractions shown in no other car. And a price which no one considered possible until Hudson made it possible.
